

COMPANY OVERVIEW

Hull Site Services LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) and Texas-certified VetHUB provider delivering professional services, technical writing, and knowledge work solutions to government agencies and prime contractors. Our proven delivery model enables rapid turnaround, competitive pricing, and consistent quality across a broad range of professional service categories.

We support the full engagement lifecycle from solicitation response through deliverable submission, ensuring compliance with agency requirements, on-time performance, and transparent billing on every contract.

As one of approximately 485 VetHUB-certified vendors statewide following the December 2025 program restructuring, Hull Site Services occupies a preferred position for set-aside subcontracting opportunities across Texas state procurement.

PRINCIPAL

Jason Hull — Founder

U.S. Military Academy at West Point, Class of 1995. Darden School of Business MBA, 2003. Service-disabled Army veteran. Co-Founder of Broadtree Partners, a lower middle-market private equity firm headquartered in Charlotte, North Carolina, where he evaluated and managed investments in privately held U.S. companies with \$3M-\$10M EBITDA and revenues up to \$75M. His private equity background in financial analysis, operational due diligence, and portfolio management informs a disciplined, results-driven approach to government contract execution. Qualified Hull Site Services for SDVOSB and VetHUB certification, establishing the company as a preferred vendor for veteran set-aside contract opportunities at the federal and state level.
